MP3RUN

256MB DIGITAL AUDIO PLAYER

type number - PSA260

Track. Listen. Go.

The **MP3**RUN combines music and monitoring to allow athletes to track their progress over time.

Using a wireless speed and distance sensor, data is stored on the player and later automatically uploaded to the nikerunning.com* training log.

Designed with athlete insights and technology innovations features audible feedback lets you hear time, distance and pace during your workout on-demand, a state-of-the-art illumination technology strobe light that enhances the users visibility in low light conditions.

Featuring 125 songs* of skip-free audio, and a FM radio with 10 station presets onboard, you'll never run out of new music to inspire your daily workouts.

Nike + Philips introduces the first skip-free Wearable Sport Audio player to combine music, and wireless sensing to help fitness consumers reach their personal best through the motivation of music.

INNOVATION FOR ATHLETES
